Please note

- Textbook and supply resources are used throughout the program of study and students should keep all resources for use in future coursework. The following list will not regularly repeat needed resources in a course that have been used in prior theory, lab and clinical course work. Students will be expected to retain resources which were required or recommended for use in subsequent courses.
- Electronic resources (eBooks) may be secured by students if available and desired to be used by a student. EBooks may have specific parameters of use including, but not limited to, specific time period of access, printing restrictions, and mobile device limitations. Students who elect to use an eBook should be aware of these parameters as consideration should be given to multiple year use of resource.
