

New Annual Scholarship FORM

What is an Annual Scholarship?

An annual scholarship is a financial award given to students to help cover educational expenses, such as tuition, fees, or other costs, for a specific academic year. It is typically funded by donors who contribute each year to support the scholarship. Unlike an endowed scholarship, which is funded by interest from a permanent investment, an annual scholarship relies on yearly contributions to continue. These scholarships provide valuable financial assistance and can be based on criteria like academic achievement, financial need, or other qualifications set by the donor or institution.
